CHRISTMAS AND WINTER WEATHER

Christmas and winter are usually synonymous with snow and ice. Does the snow need to be shoveled in front of the stairs? Take the snow shovel that is in the gate and shovel to the best of your ability! We have companies we hire for all this, but they cannot be helpful 24 hours a day or even every day. We members have a joint responsibility for our areas and must help each other. If there is something you or your neighbor really cannot do on your own – contact the board and we will of course help you!

CHRISTMAS AND FIRE SAFETY

Christmas is approaching, as you know, and with it often comes candles, baking and various other things that belong to Christmas. Remember to turn off the stove and unplug any electronic kitchen appliances when you are not using them. Smoke alarms should be in all apartments. If you need a new smoke alarm, you can contact the board, but the batteries are your responsibility. MSB also recommends that you have a small fire extinguisher or fire blanket at home. Remember not to leave any candles burning.

CHRISTMAS AND FESTIVITIES

Don't forget to have fun during Christmas! Hang out, celebrate and laugh together! However, it is important to show consideration for your neighbors. It should be quiet between 10 p.m. and 7 a.m., then of course normal living sounds must be allowed to occur. This does not mean that you should not show consideration for your neighbors around the clock. Our building are poorly soundproofed, so think twice when you turn on the TV or anything else regardless of the time of day. Adjust the volume to your surroundings and your neighbors, and show consideration!

CHRISTMAS AND GARBAGE DISPOSAL

Even during the Christmas holidays, the usual rules apply for handling plastic and paper packaging, Christmas paper, newspapers and cardboard boxes. All such items should be recycled and not placed in or near the garbage cans! Only residual waste and food waste may be thrown into our garbage cans.

CHRISTMAS AND BOARD WORK

The board is taking a holiday break! The next board meeting is Tuesday, January 13, 2026. You can of course reach us as usual via email to brfprosten@gmail.com.

Merry Christmas

&

A Happy New Year
